On October 6, 1990, Tammy Wilson murdered her employer Tod McQuaid. Wilson wanted to take over Tod's two businesses. She drugged Tod and had Roger Cline shoot at Tod three times over about a 30-minute period. Then she threatened to shoot Roger and then shoot his family if he missed again. Roger then killed Tod.

Tammy Wilson pled guilty to First-Degree Murder in a re-trial. She was sentenced to Life in Prison. She has served only 16 years when she is considered for parole.

We, the undersigned, STRONGLY OPPOSE parole for Tammy S. Wilson. Justice demands she serve the full prison term given to her at the time she was sentenced for this heinous crime.
